

Learn. Speak. Go global.

Language learning with purpose

Build French skills for your studies, career, travels or other international goals, with exam preparation when you need it.

Choose your pathway

Find your next step in beginner or intermediate French, TEF/TCF preparation, Quebec-focused TEFAQ, DELF/DALF exams or school French support.

A clear starting point

Tell us what French you already know, where you want to get to and when you can learn. We can help you choose a course.

Use this guide to explore programmes and published prices, then talk with our team about the option that fits you.

French examination pathways

TEF / TEF Canada

Work on your French skills, learn ways to approach exam tasks and practise with mock tests.

TCF Canada

Build your French through structured practice and get to know the TCF Canada exam format.

TEFAQ / Quebec TEFAQ

Focus on the French skills you need for your Quebec-oriented exam goals.

DELF A1-B2

Practise grammar, speaking, writing and comprehension at the DELF level you choose.

DALF C1-C2

Strengthen advanced comprehension, explain your ideas and practise communication for study and work.

High-school French

Get help with your school syllabus, French foundations and assessment preparation.

French course options

A1-A2 package | \$700

Study both levels over three months. The published payment plan has instalments of 60% and 40%.

B1-B2 monthly package

Choose a monthly group of three at \$300, or a group of two at \$350.

Self-paced learning

A self-paced level is listed at \$150, with an e-book at \$25. Ask us about access, delivery and available options.

One-to-one packages

Choose 12 sessions for \$500, 16 for \$550 or 20 for \$620.

These are the published Canada programme prices. Please confirm the currency, taxes, availability and payment terms before you enrol. Reading this guide does not make a purchase or enrol you.

Build confident communication

Structured foundations

Build your vocabulary, grammar and pronunciation while learning to understand familiar French.

Practical communication

Use French in context so that speaking and listening become more natural.

Exam preparation

Get comfortable with exam tasks and use practice to see where you need more support.

Choose the appropriate level

Talk about your goals and current skills before deciding what to learn next.

Language skills for your team

Institute and organization collaboration

Institutes and organizations can ask us about collaboration and French training for their employees.

Discuss a suitable programme

Tell us your team size, current level, goals and preferred schedule. We'll discuss the available training formats and current corporate rates.

Practical workplace communication

Explore support for workplace conversations, presentations, professional messages and communication across borders.
